Ship	Yes	No	
cc# to keep on file	cc#		
cc expiration date			
I understand that this is a 12 month commitment, I am providing my cc#; my cc# will not be charged unless I do not pick up a kit within 30 days, in which case the past & current month will be charged & shipped to me. For example if February kit is ready & January kit has not been picked up, the Jan & Feb kits will be charged & shipped. The March kit will not be shipped unless not picked up in 30 days, etc			
Signature			
**Please note that your cc# will not be accessed unless kits are not picked up within the 30 days OR if you request that they be shipped. Enormous orders are placed to accommodate supplies for each club member, therefore we don't have the space to keep kits more than 30 days.
